1. GENERAL PRODUCT INFORMATION

Product description

Stainless steel pasta basket, designed for professional use. Suitable for cooking individual portions of pasta in a pasta boiler. This pasta basket is made from stainless steel and complies with all applicable standards for professional kitchen use. The design is optimised for quick and safe handling during a busy service.

The baskets are specifically tailored for use in our Pintinox pasta boiler (SP2), in which exactly 6 baskets fit. This ensures maximum efficiency when preparing multiple portions simultaneously.

An essential tool for any kitchen working with fresh-frozen pasta. It guarantees correct preparation and makes it easy to drain and serve the pasta immediately after regeneration.
