1. GENERAL PRODUCT INFORMATION

Product description

Stainless steel cooking pot (22 litres) by Pintinox. The ideal pasta boiler for the professional kitchen, suitable for all heat sources, including induction. This Pintinox cooking pot is designed for professional and intensive use. With a capacity of 22 litres, the pot is perfectly suited for cooking larger quantities of pasta.

The pot is made from high-quality stainless steel and is compatible with all heat sources: gas, electric, and induction.

This model is specifically designed to hold exactly 6 of our stainless steel pasta baskets (SP1). This makes it the perfect, integrated solution for efficient and fast pasta preparation in any professional environment.
